AFFAIRS OF THE RAILWAYS.

The Denver Rate. CHICAGO, Aug. 9.—Chairman Abbott, of the Western States Passenger Association, has taken a vote of lines interested on a proposition to restore the rate between Chicago and Denver to the former basis, \$30.65.
All the roads voted in favor of an advance,
with the exception of the Chicago & Alton.
The rate cannot be advanced unless all

New Dakota Railway. CHAMBERLAIN, S. D., Aug. 9.-The Black

Hills, Chamberlain, Huron & Duluth Railway Company has been organized here; capital stock, \$1,000,000.

Personal and General Notes. R. R. Bently, general baggage agent of the Pennsylvania lines is in the city. John F. Miller, general superintendent of the Pennsylvania's Southwestern system, was in the city yesterday.

Superintendent Bender, of the Chicago and Cincinnati division of the Big Four, re-turned yesterday from a trip over the east-ern end of his line.

John R. McCord, recently appointed general agent of the passenger department of the C., H. & D. at this point, has not yet arrived, but is expected to-day or on Mon-

The last weekly report of the earnings of the Big Four system shows a gain over the earnings of the corresponding week in 1888 of \$10,587. The total earnings last week

A duplicate of the order entered in the United States District Court here on Thursday appointing R. B. F. Peirce receiver of the I., D. & W., was filed at Springfield, Ill., yesterday.

There is no change in the matter of rates between Chicago and Ohio river points. No increase can be operative under ten days, and there is an impression that they will go lower before they are advanced. Orders have been given for the discharge of sixty machinists and carpenters from the shops of the B. & O., at Wheeling, there being an imperative necessity for the exercise of economy in expenses.

The Cincinnati and Chicago division of the Big Four handled, during the month of July, 3,000 more loaded cars than during the month of July, 1888, and thus far the August traffic promises to keep up this average of gain.

There is a good deal of grumbling at Chicago over the alleged fact that some of the lines are already abusing the harvest excursion rates. It is charged that these tickets are in the hands of scalpers, who are selling them freely, without reference to the dates for which they were to be made good from starting points.

The new dining car, No. 705, in regular service on the congressional limited express of the Pennsylvania, between New York, Philadelphia and Washington, is claimed to be the most elegant, commodious and complete bit of rolling stock in the country, and all of its appointments and furnishings are in perfect keeping with the elegance of the car.

The Missouri Railway Commissioners have appointed Jasper N. Burks, of Farmington, to the office of grain inspector. His office will be in St. Louis, but his duties will be co-extensive with the State. He will have at St. Louis ten deputies and about forty other employes, with a force of about fifteen men at Kansas City and five or six at St. Joseph. His salary was fixed at \$3,000, which is small enough, considering the magnitude of his duties. He will give bond in the sum of \$50,000.

Dwight S. Eaton has filed in the United States Circuit Court. at St. Louis, a suit against the Cleveland, St. Louis & Kansas City Railroad Company, the Farmers' Loan and Trust Company, of New York, the Central Trust Company, of New York, and the Holland Trust Company, of New York, and the Holland Trust Company, of New York, claiming as a balance alleged to be due him as a contractor for the construction of the aforesaid road in the construction of the aforesaid road in St. Charles county, Missouri, the sum of \$31,454.44. He claims his contract was completed on May 4, last, and he puts in a further claim for \$1,911.91 for extras.

Although it was denied in Boston on the authority of a director of the A., T. & S. F. that the plan for the consolidation of the California Central and the California Southern is soon to be submitted to the stockholders of the A., T. & S. F. for their ratification, it is still claimed to be a fact that Comptroller Whitehead has been instructed to prepare and send to the California Southern stockholders a circular explaining the proposed terms of consolidation, and asking them to vote upon the same by mail. There has been heretofore some confusion regarding the relations of the California divisions

with Atchison proper, and the framing of the future policy of the latter is understood to have been delayed on this ground. It is given out that a general scaling of Atchison interests is under consideration.

The twenty-sixth annual convention of the Brotherhood of Locomotive Engineers will assemble at Denver on the 16th of Oc-tober. Probable the most important matter to come before the convention will be the election of officers. This will be the first election since the disastrous strike on the Burlington system, and as a large proportion of the order charge the failure of that strike directly upon Chief Engineer Arthur, there will be a determined effort made to defeat his re-election. On the other hand those who remain loyal to the Chief are more determinedly his friends than ever, the fact that he has stood at the head of the order for eighteen years and during all that time, with the single exception of the Burlington fiasco, has settled all the disputes of the membership with the railroad companies amicably and satisfactorily to both sides, is regarded as a strong point in his favor. His most formidable opponents for the position are George Vrooman, of North Platte, Neb., and Mr. Cavener, of California. The former has the stronger following. For six years he has been chairman of the general grievance committee of the Union Pacific engineers. Little is known hereabout of Mr. Cavener, beyond the fact that he is regarded as an energetic and brilliant man and a good talker.

There has been within a day or two a decided improvement in the position of the Missouri, Kansas & Texas stocks on the New York market, and there have been several theories advanced to account for it. The fact that a considerable part of the demand for these securities comes from abroad is accepted by some as ground for belief that the favorable report of the committee appointed by the court to determine the equitable traffic relations between the different divisions of the road had much to do with it. Others incline to the belief that it is due to the prospect of a renewal of the alliance with the Missouri Pacific. Then, too, the increase of \$119,423 in the July earnings, as compared with those of last year, no doubt have great weight. The Missouri Pacific holds the major part of the M., K. & T.'s tleating debt, and those interested in circulating the report of a compromise between the former company and the holders of other securities of the M., K. & T. are cautioned to ascertain what proportion of securities are represented by the committee of the first-mort-gage bondholders, and of the general-mort-gage bondholders. There is, at least, a suspicion that one of the committees is acting in the interest of Gould. The suggestion that they may be doing so unconsciously is scarcely tenable. It is a fact worth remembering that both these committees, as well as the pressent board of directors, came into existence for the purpose of modifying the relations between the two roads. Since then the situation has changed, the property of the M., K. & T. having passed into the custody of the court, and the work of building it up, both physically and financially, has been begun de nove.

At the closing meeting of the general passenger agents of the lines in the Western States Passenger Association, held at Chicago, the question of harvest excursion rates was further discussed, and there was considerable feeling displayed by the principal lines when it was found that previous arrangements and resolutions must fall to the ground and the question be referred to the general managers. The St. Paul road withdrew its vote assenting to the proposition of Wednesday, including the Missouri river points, St. Paul, Ashland and Duluth, at harvest excursion rates for all future excursions, such rates to be made \$5 higher than the present single trip rates to Missouri river gateways, and no tickets to be sold through Missouri river gateways, St. Paul, Ashland or Duluth, at less than harvest excursion rates made to these points proper. It was also found that the members of the Southwestern committee of the association had made an agreement amongst themselves to sell harvest excursion tickets at one fare from Chi-eago, St. Louis, Bloomington, Peoria postal to J. Me and all intermediate stations east of Boston, Mass.

the Mississippi river and south of Rock Island. While the Northwestern lines had Island. While the Northwestern lines had no particular interest in this arrangement, the representative of the Northwestern road objected very strenuously to such an agreement going into effect. In spite of the protest of the Northwestern road it is understood that two and probably three of the Southwestern lines have already authorized the publication of the single trip rates to these Southwestern gateways. The Chicago & Northwestern railway called upon the chairman for an immediate meeting of managers to consider the harvest exing of managers to consider the harvest ex-cursion difficulties. An attempt was made to raise the present reduced rates on Aug. 20 from Chicago to Colorado points. This would make the rates on that date to Den-ver, Col., and Colorado Springs \$30.65 in place of the present reduced rate of \$26. All lines voted in favor of this proposition ex-cept the Chicago & Alton, which withheld its vote for the purpose of investigating the situation.

CHRISTIAN WORKERS.

The Military Park Temperance Meetings

Proving Successful. The temperance meetings held every Sunday afternoon at Military Park, and conducted by Bails Campbell and Frank Wolfe, are increasing in interest and attendance. Last Sunday, in spite of the prospects for a heavy rain, a large crowd gathered to hear an address by Prof. J. H. Houser. He defined the work of the rum power, and gave as the only remedy for the evil absolute prohibition. There were also several short addresses by local workers. To-morrow, at 3:30 o'clock, Rev. J. H. Clay, pastor of the Bethel A. M. E. Church, will preach. The following is the programme for the remainder of the season: Aug. 18, Rev. D. R. Lucas, Central Christian Church; 25th, Rev. G. G. Mitchell, Fifth Presbyterian Church; Sept. 1, Mrs. K. Loftin, president Central W. C. T. U.; 8th, Colonel Eli F. Ritter; 15th, Rev. R. V. Hunter, Seventh Presbyterian Church; 22d, Rev. A. B. Whitney, South-street Baptist Church; 29th, E. P. Brown, evangelist.

These meetings are devoted earnestly and exclusively to temperance work for spirit.

exclusively to temperance work for spiritual results. Many ministers and temperance workers besides those on the programme have been invited to attend and participate in the services. In bad weather the meetings will be held in Blackford-street M. E. Church, corner of Blackford and Market streets.

Religious Notes. Rev. W. R. Jordan will occupy the pulpit of the Seventh Presbyterian Church tomorrow morning at 10:30 o'clock.

Rev. A. A. Price will preach at Simpson Chapel to-morrow at 10:30 A. M. His sub-ject will be, "Christ the Magnet." At 7:45 P. M. he will preach on "The Triumph of the Cross."

A sacred concert will be given at the Sixth Presbyterian Church, corner Union and McCarty, to-morrow night, under the direction of Mr. Theo. List. The exercises will include a fifteen-minutes' sermon by the pastor. J. E. Brown. The musical programme will be "Arise. Shine." by Daddon Buck, Mesdames Laird and Brown, Messrs. Wood and List; "Praise Waiteth for Thee," by J. R. Murray, chorus; "He Shall Come Down Like Rain," by Root, quartet; "Love-ly Zion," by Root, chorus; "Loving Kindness," congregation.

Frank M. Ryan's Assets. The result of the final appraisement of Frank M. Ryan's assets was reported yesterday. The stock is valued at \$5,160.07; fixtures, \$4,904.19; accounts, \$215.85; buggy, \$40; total, \$10,320.11. An effort will be made to sell the stock at retail.

Must Be Published at Once. All notices of application for liquor licenses, if they are to be secured at the next session of the Board of County Commissioners, must be first published on or before Aug. 12.

THE PUZZLE DEPARTMENT.

Everything relating to this department must be addressed to W. H. Graffam, West Scarborough, Cumberland county, Maine. Original contribu-tions and answers to each week's puzzles are de-

Foot Notes. CARLISTA, ALBERTA, MARGUERITE-We Welcome your enigma. Let us hear from you again. AUNT XOA-We thank you for excellent work. Let your visits be frequent.

James Means's \$3 and \$4 shoes and James Means's quarter-eagle thick boots are the best made and are sold everywhere. Send postal to J. Means & Co., 41 Lincoln street,

IT IS VERY EASY

To restore painted walls and wood-work to their original freshness, if you will take a pailful of tepid water, two sponges, and a cake of Ivory Soap. Apply the soap with one sponge, and remove the soap and dirt with the other, rinse the latter frequently, and change the water often. Ordinary soap is apt to be too highly chemicaled to use on paint. The IVORY SOAP is mild but very effective.

A WORD OF WARNING.

There are many white soaps, each represented to be "just as good as the 'lvory';" they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it." Copyright 1886, by Procter & Gamble.
